THE BUILDING BLOCKS OF
GREAT IT

*Not all **IT Service Providers** are the same.*

Quality varies drastically in the IT industry, in ways that your business may not currently be aware of. The process of finding the right IT partner for your business should be the same as interviewing and hiring a new employee: **you want to make sure you've found the right fit before hiring!**

Managed Updates and Patching

Anti-Virus

Advanced Spam Filtering

Cybersecurity Awareness Training

This list goes on, but inquiring about the above is a great start to make sure the provider you choose **takes cybersecurity seriously!**

Don't rush the process: taking a bit of extra time now to pick the right partner can save you a lot of headaches later. If you need a hand figuring things out or think that we may be the right fit, give us a call at **(210)533-2600.**
